| <b>Function:</b><br>Regulatory Affairs                      | <b>Effective Date:</b><br>November 30, 2022 | <b>Version number:</b><br>1.0       |

## Section 1. Identification

**GHS product identifier** : Plerixafor Injection

**Other means of identification** : Not available.

**Product type** : Liquid.

### Relevant identified uses of the substance or mixture and uses advised against

**Product use** : Pharmaceuticals (For intended use only.).  
Observe technical data sheet/instructions for use.  
Specific Treatments: Non-Hodgkin's lymphoma or multiple myeloma.

**Area of application** : Professional applications.

**Supplier's details** : Meitheal Pharmaceuticals, Inc.  
8700 W. Bryn Mawr, Suite 600S  
Chicago, IL 60631

Telephone: 224-443-4617  
www.meithealpharma.com

**e-mail address of person responsible for this SDS** : info@meithealpharma.com

**Emergency telephone number (with hours of operation)** : 844-824-8426 (Monday - Friday, 08:00 - 18:00 CST)

## Section 2. Hazards identification

**OSHA/HCS status** : While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

**Classification of the substance or mixture** : Not classified.

### GHS label elements

**Signal word** : No signal word.

**Hazard statements** : No known significant effects or critical hazards.

### Precautionary statements

**Prevention** : Not applicable.

**Response** : Not applicable.

**Storage** : Not applicable.

**Disposal** : Not applicable.

|   |   |                                     |
|---|---|-------------------------------------|
| <b>SDS Title:</b><br>Plerixafor Injection Safety Data Sheet | <b>SDS Number:</b><br>SDS-000078            | <b>Page Number:</b><br>Page 2 of 14 |
| <b>Function:</b><br>Regulatory Affairs                      | <b>Effective Date:</b><br>November 30, 2022 | <b>Version number:</b><br>1.0       |

## Section 2. Hazards identification

**Hazards not otherwise classified** : None known.

## Section 3. Composition/information on ingredients

**Substance/mixture** : Mixture  
**Other means of identification** : Not available.

| Ingredient name  | Other names     | %    | CAS number  |
|--|-----------------|------|-------------|
| water  | Water           | ≥90  | 7732-18-5   |
| 1,4,8,11-Tetraazacyclotetradecane, 1,1'-(1,4-phenylenebis(methylene))bis-, octahydrochloride | -               | ≤3   | 155148-31-5 |
| sodium chloride  | Sodium chloride | <1   | 7647-14-5   |
| sodium hydroxide   | -               | ≤0.1 | 1310-73-2   |
| Hydrochloric acid  | -               | ≤0.1 | 7647-01-0   |

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

**There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified and hence require reporting in this section.**

## Section 4. First aid measures

### Description of necessary first aid measures

- Eye contact** : Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.
- Inhalation** : Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur. In case of inhalation of decomposition products in a fire, symptoms may be delayed. The exposed person may need to be kept under medical surveillance for 48 hours.
- Skin contact** : Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.
- Ingestion** : Wash out mouth with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

### Most important symptoms/effects, acute and delayed

#### Potential acute health effects

- Eye contact** : No known significant effects or critical hazards.
- Inhalation** : No known significant effects or critical hazards.
- Skin contact** : No known significant effects or critical hazards.
- Ingestion** : No known significant effects or critical hazards.

|   |   |                                     |
|---|---|-------------------------------------|
| <b>SDS Title:</b><br>Plerixafor Injection Safety Data Sheet | <b>SDS Number:</b><br>SDS-000078            | <b>Page Number:</b><br>Page 3 of 14 |
| <b>Function:</b><br>Regulatory Affairs                      | <b>Effective Date:</b><br>November 30, 2022 | <b>Version number:</b><br>1.0       |

## Section 4. First aid measures

### Over-exposure signs/symptoms

- Eye contact** : No specific data.
- Inhalation** : No specific data.
- Skin contact** : No specific data.
- Ingestion** : No specific data.

### Indication of immediate medical attention and special treatment needed, if necessary

- Notes to physician** : In case of inhalation of decomposition products in a fire, symptoms may be delayed. The exposed person may need to be kept under medical surveillance for 48 hours.
- Specific treatments** : No specific treatment.
- Protection of first-aiders** : No action shall be taken involving any personal risk or without suitable training.

See toxicological information (Section 11)

## Section 5. Fire-fighting measures

### Extinguishing media

- Suitable extinguishing media** : Use an extinguishing agent suitable for the surrounding fire.
- Unsuitable extinguishing media** : Do not use water jet.

**Specific hazards arising from the chemical** : In a fire or if heated, a pressure increase will occur and the container may burst.

- Hazardous thermal decomposition products** : Decomposition products may include the following materials:  
carbon dioxide  
carbon monoxide  
nitrogen oxides  
halogenated compounds

- Special protective actions for fire-fighters** : Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
- Special protective equipment for fire-fighters** : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

|   |   |                                     |
|---|---|-------------------------------------|
| <b>SDS Title:</b><br>Plerixafor Injection Safety Data Sheet | <b>SDS Number:</b><br>SDS-000078            | <b>Page Number:</b><br>Page 4 of 14 |
| <b>Function:</b><br>Regulatory Affairs                      | <b>Effective Date:</b><br>November 30, 2022 | <b>Version number:</b><br>1.0       |

## Section 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

- For non-emergency personnel** : No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.
- For emergency responders** : If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".

- Environmental precautions** : Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

### Methods and materials for containment and cleaning up

- Small spill** : Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.
- Large spill** : Stop leak if without risk. Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Note: see Section 1 for emergency contact information and Section 13 for waste disposal.

## Section 7. Handling and storage

### Precautions for safe handling

- Protective measures** : Put on appropriate personal protective equipment (see Section 8).
- Advice on general occupational hygiene** : Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.
- Conditions for safe storage, including any incompatibilities** : Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination. See Section 10 for incompatible materials before handling or use.

|   |   |                                     |
|---|---|-------------------------------------|
| <b>SDS Title:</b><br>Plerixafor Injection Safety Data Sheet | <b>SDS Number:</b><br>SDS-000078            | <b>Page Number:</b><br>Page 5 of 14 |
| <b>Function:</b><br>Regulatory Affairs                      | <b>Effective Date:</b><br>November 30, 2022 | <b>Version number:</b><br>1.0       |

## Section 8. Exposure controls/personal protection

### Control parameters

#### Occupational exposure limits

| <b>Ingredient name</b>  | <b>Exposure limits</b>  |
|---|---|
| water   | None.   |
| 1,4,8,11-Tetraazacyclotetradecane, 1,1'-(1,4-phenylenebis (methylene))bis-, octahydrochloride | None.   |
| sodium chloride   | None.   |
| sodium hydroxide  | <b>ACGIH TLV (United States, 1/2022).</b><br>C: 2 mg/m <sup>3</sup>           |
|   | <b>NIOSH REL (United States, 10/2020).</b><br>CEIL: 2 mg/m <sup>3</sup>       |
|   | <b>OSHA PEL (United States, 5/2018).</b><br>TWA: 2 mg/m <sup>3</sup> 8 hours. |
| Hydrochloric acid   | <b>ACGIH TLV (United States, 1/2022).</b><br>C: 2 ppm                         |
|   | <b>NIOSH REL (United States, 10/2020).</b><br>CEIL: 5 ppm                     |
|   | CEIL: 7 mg/m <sup>3</sup>   |
|   | <b>OSHA PEL (United States, 5/2018).</b><br>CEIL: 5 ppm                       |
|   | CEIL: 7 mg/m <sup>3</sup>   |

#### **Appropriate engineering controls**

: Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

#### **Environmental exposure controls**

: Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

### Individual protection measures

#### **Hygiene measures**

: Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.

#### **Eye/face protection**

: Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses with side-shields.

#### **Skin protection**

##### **Hand protection**

: Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.

|   |   |                                     |
|---|---|-------------------------------------|
| <b>SDS Title:</b><br>Plerixafor Injection Safety Data Sheet | <b>SDS Number:</b><br>SDS-000078            | <b>Page Number:</b><br>Page 6 of 14 |

## Section 8. Exposure controls/personal protection

- Body protection** : Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.
- Other skin protection** : Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.
- Respiratory protection** : Based on the hazard and potential for exposure, select a respirator that meets the appropriate standard or certification. Respirators must be used according to a respiratory protection program to ensure proper fitting, training, and other important aspects of use.

## Section 9. Physical and chemical properties

The conditions of measurement of all properties are at standard temperature and pressure unless otherwise indicated.

### Appearance

- Physical state** : Liquid. [Clear.]
- Color** : Colorless. / Pale yellow.
- Odor** : Not available.
- Odor threshold** : Not available.
- pH** : 6 to 7.5
- Melting point** : Not available.
- Boiling point, initial boiling point, and boiling range** : Not available.
- Flash point** : Not available.
- Evaporation rate** : Not available.
- Flammability** : Not available.
- Lower and upper explosion limit/flammability limit** : Not available.
- Vapor pressure** :

| Ingredient name | Vapor Pressure at 20° C |     |        | Vapor pressure at 50° C |      |        |
|-----------------|-------------------------|-----|--------|-------------------------|------|--------|
|                 | mm Hg                   | kPa | Method | mm Hg                   | kPa  | Method |
| water           | 23.8                    | 3.2 |        | 92.258                  | 12.3 |        |

- Relative vapor density** : Not available.
- Relative density** : Not available.
- Density** : 0.974 to 1.034 g/cm<sup>3</sup> [25°C (77°F)]

| Solubility(ies) | Media | Result            |
|-----------------|-------|-------------------|
| water           |       | Partially soluble |

- Miscible with water** : No.
- Partition coefficient: n-octanol/water** : Not applicable.

|   |   |                                     |
|---|---|-------------------------------------|

## Section 9. Physical and chemical properties

|  |                              |
|--|------------------------------|
| <b>Auto-ignition temperature</b>             | : Not available.             |
| <b>Decomposition temperature</b>             | : Not available.             |
| <b>SADT</b>                                  | : Not available.             |
| <b>Viscosity</b>                             | : Not available.             |
| <b>Flow time (ISO 2431)</b>                  | : Not available.             |
| <b>Particle characteristics</b>              |                              |
| <b>Median particle size</b>                  | : Not applicable.            |
| <b>Other information</b>                     |                              |
| <b>Physical/chemical properties comments</b> | : No additional information. |

## Section 10. Stability and reactivity

|   |   |
|---|---|
| <b>Reactivity</b>                         | : No specific test data related to reactivity available for this product or its ingredients.  |
| <b>Chemical stability</b>                 | : The product is stable.  |
| <b>Possibility of hazardous reactions</b> | : Under normal conditions of storage and use, hazardous reactions will not occur.<br>Under normal conditions of storage and use, hazardous polymerization will not occur. |
| <b>Conditions to avoid</b>                | : No specific data.   |
| <b>Incompatible materials</b>             | : No specific data.   |
| <b>Hazardous decomposition products</b>   | : Under normal conditions of storage and use, hazardous decomposition products should not be produced.  |

## Section 11. Toxicological information

### Information on toxicological effects

#### Acute toxicity

| Product/ingredient name | Result    | Species | Dose       | Exposure |
|-------------------------|-----------|---------|------------|----------|
| sodium chloride         | LD50 Oral | Rat     | 3000 mg/kg | -        |

#### Irritation/Corrosion

|   |   |                                     |
|---|---|-------------------------------------|
| <b>SDS Title:</b><br>Plerixafor Injection Safety Data Sheet | <b>SDS Number:</b><br>SDS-000078            | <b>Page Number:</b><br>Page 8 of 14 |

## Section 11. Toxicological information

| Product/ingredient name | Result                   | Species | Score | Exposure         | Observation |
|-------------------------|--------------------------|---------|-------|------------------|-------------|
| sodium chloride         | Eyes - Moderate irritant | Rabbit  | -     | 10 mg            | -           |
|                         | Eyes - Moderate irritant | Rabbit  | -     | 24 hours 100 mg  | -           |
|                         | Skin - Mild irritant     | Rabbit  | -     | 24 hours 500 mg  | -           |
| sodium hydroxide        | Eyes - Mild irritant     | Rabbit  | -     | 400 ug           | -           |
|                         | Eyes - Severe irritant   | Rabbit  | -     | 1 %              | -           |
|                         | Eyes - Severe irritant   | Rabbit  | -     | 0.5 minutes 1 mg | -           |
|                         | Eyes - Severe irritant   | Rabbit  | -     | 24 hours 50 ug   | -           |
|                         | Skin - Severe irritant   | Rabbit  | -     | 24 hours 500 mg  | -           |
| Hydrochloric acid       | Eyes - Mild irritant     | Rabbit  | -     | 0.5 minutes 5 mg | -           |

### Sensitization

Not available.

### Mutagenicity

**Conclusion/Summary** : Not available.

### Carcinogenicity

**Conclusion/Summary** : Not available.

### Classification

| Product/ingredient name | OSHA | IARC | NTP |
|-------------------------|------|------|-----|
| Hydrochloric acid       | -    | 3    | -   |

### Reproductive toxicity

**Conclusion/Summary** : Not available.

### Teratogenicity

**Conclusion/Summary** : Not available.

### Specific target organ toxicity (single exposure)

| Name   | Category   | Route of exposure | Target organs                |
|--|------------|-------------------|------------------------------|
| 1,4,8,11-Tetraazacyclotetradecane, 1,1'-(1,4-phenylenebis(methylene))bis-, octahydrochloride | Category 3 | -                 | Respiratory tract irritation |
| sodium hydroxide   | Category 3 | -                 | Respiratory tract irritation |
| Hydrochloric acid  | Category 3 | -                 | Respiratory tract irritation |

### Specific target organ toxicity (repeated exposure)

Not available.

|   |   |                                     |

## Section 11. Toxicological information

### Aspiration hazard

Not available.

**Information on the likely routes of exposure** : Not available.

### Potential acute health effects

- Eye contact** : No known significant effects or critical hazards.
- Inhalation** : No known significant effects or critical hazards.
- Skin contact** : No known significant effects or critical hazards.
- Ingestion** : No known significant effects or critical hazards.

### Symptoms related to the physical, chemical and toxicological characteristics

- Eye contact** : No specific data.
- Inhalation** : No specific data.
- Skin contact** : No specific data.
- Ingestion** : No specific data.

### Delayed and immediate effects and also chronic effects from short and long term exposure

#### Short term exposure

- Potential immediate effects** : Not available.
- Potential delayed effects** : Not available.

#### Long term exposure

- Potential immediate effects** : Not available.
- Potential delayed effects** : Not available.

### Potential chronic health effects

- General** : No known significant effects or critical hazards.
- Carcinogenicity** : No known significant effects or critical hazards.
- Mutagenicity** : No known significant effects or critical hazards.
- Reproductive toxicity** : No known significant effects or critical hazards.

### Numerical measures of toxicity

#### Acute toxicity estimates

|   |   |                                      |

## Section 12. Ecological information

**Other adverse effects** : No known significant effects or critical hazards.

## Section 13. Disposal considerations

**Disposal methods** : The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

## Section 14. Transport information

|                                   | <b>DOT Classification</b> | <b>IMDG</b>    | <b>IATA</b>    |

| <b>Environmental hazards</b>      | No.                       | No.            | No.            |

### Additional information

**Special precautions for user** : **Transport within user's premises:** always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

**Transport in bulk according to IMO instruments** : Not available.

## Section 15. Regulatory information

### SARA 313

Not applicable.

### State regulations

**Massachusetts** : None of the components are listed.

**New York** : None of the components are listed.

**New Jersey** : None of the components are listed.

**Pennsylvania** : None of the components are listed.

### California Prop. 65

This product does not require a Safe Harbor warning under California Prop. 65.

### International regulations

#### Chemical Weapon Convention List Schedules I, II & III Chemicals

Not listed.

#### Montreal Protocol

Not listed.

#### Stockholm Convention on Persistent Organic Pollutants

Not listed.

#### Rotterdam Convention on Prior Informed Consent (PIC)

Not listed.

#### UNECE Aarhus Protocol on POPs and Heavy Metals

Not listed.

## Section 16. Other information

### Hazardous Material Information System (U.S.A.)

|                  |   |   |
|------------------|---|---|
| Health           | / | 0 |
| Flammability     |   | 0 |
| Physical hazards |   | 0 |

**Caution:** HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks. Although HMIS® ratings and the associated label are not required on SDSs or products leaving a facility under 29 CFR 1910.1200, the preparer may choose to provide them. HMIS® ratings are to be used with a fully implemented HMIS® program. HMIS® is a registered trademark and service mark of the American Coatings Association, Inc.

The customer is responsible for determining the PPE code for this material. For more information on HMIS® Personal Protective Equipment (PPE) codes, consult the HMIS® Implementation Manual.
