

### Safety Data Sheet

SDS Title:	SDS Number:	Page Number:
Enoxaparin Sodium Injection Safety Data Sheet	SDS-000017	Page 1 of 13
Function:	Effective Date:	Version number:
Regulatory Affairs	November 22, 2021	2.0

# Section 1. Identification

GHS product identifier	: Enoxaparin Sodium Injection
Other means of identification	: Enoxaparin Sodium Injection
Product type	: Liquid.

Relevant identified uses of the substance or mixture and uses advised against		
Product use	<ul> <li>Pharmaceuticals (For intended use only.).</li> <li>Observe technical data sheet/instructions for use.</li> <li>Specific Treatments: Anti-clotting agents.</li> </ul>	
Area of application	: Professional applications.	
Supplier's details	: Meitheal Pharmaceuticals, Inc. 8700 W. Bryn Mawr, Suite 600S Chicago, IL 60631 Telephone: 224-443-4617 www.meithealpharma.com	
e-mail address of person responsible for this SDS	: info@meithealpharma.com	
Emergency telephone number (with hours of operation)	: 844-824-8426 (Monday - Friday, 08:00 - 18:00 CST)	

## Section 2. Hazards identification **OSHA/HCS** status : While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product. **Classification of the** : Not classified. substance or mixture **GHS label elements** Signal word : No signal word. Hazard statements : No known significant effects or critical hazards. **Precautionary statements Prevention** : Not applicable.

Meitheal Pharmaceuticals, Inc. Response Storage

: Not applicable.

: Not applicable.

#### Safety Data Sheet

SDS Title: Enoxaparin Sodium Injection Safety Data Sheet	SDS Number: SDS-000017	Page Number:Page 2 of 13
Function:	Effective Date:	Version number:
Regulatory Affairs	November 22, 2021	2.0

# Section 2. Hazards identification

Disposal

: Not applicable.

Hazards not otherwise classified

: None known.

: Mixture

# Section 3. Composition/information on ingredients

Substance/mixture Other means of

identification

: Enoxaparin Sodium Injection

Ingredient name	Other names	%	CAS number
water	-	≥75 - ≤90	7732-18-5
Heparin, sodium salt	-	≥10 - ≤25	9041-08-1
nitrogen	-	≤0.3	7727-37-9

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health and hence require reporting in this section.

# Section 4. First aid measures

# Description of necessary first aid measures

Eye contact	<ul> <li>Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.</li> </ul>
Inhalation	Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur. In case of inhalation of decomposition products in a fire, symptoms may be delayed. The exposed person may need to be kept under medical surveillance for 48 hours.
Skin contact	<ul> <li>Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.</li> </ul>
Ingestion	: Wash out mouth with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

Most important symptoms/effects, acute and delayed

Potential acute health effe	ects
Eye contact	: No known significant effects or critical hazards.
Inhalation	: No known significant effects or critical hazards.
Skin contact	: No known significant effects or critical hazards.
Ingestion	: No known significant effects or critical hazards.
Over-exposure signs/sym	ptoms

Meitheal Pharmaceuticals, Inc. Eye contact

: No specific data.

### Safety Data Sheet

SDS Title:	SDS Number:	Page Number:
Enoxaparin Sodium Injection Safety Data Sheet	SDS-000017	Page 3 of 13
Function:	<b>Effective Date:</b>	Version number:
Regulatory Affairs	November 22, 2021	2.0

# Section 4. First aid measures

Inhalation	: No specific data.
Skin contact	: No specific data.
Ingestion	: No specific data.

## Indication of immediate medical attention and special treatment needed, if necessary

Notes to physician	: In case of inhalation of decomposition products in a fire, symptoms may be delayed. The exposed person may need to be kept under medical surveillance for 48 hours.
Specific treatments	: No specific treatment.
Protection of first-aiders	: No action shall be taken involving any personal risk or without suitable training.

# See toxicological information (Section 11)

# Section 5. Fire-fighting measures

Extinguishing media	
Suitable extinguishing media	: Carbon dioxide, water spray or fog, dry chemical or foam.
Unsuitable extinguishing media	: Do not use water jet.
Specific hazards arising from the chemical	: In a fire or if heated, a pressure increase will occur and the container may burst.
Hazardous thermal decomposition products	: Decomposition products may include the following materials: carbon dioxide carbon monoxide nitrogen oxides sulfur oxides
Special protective actions for fire-fighters	Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
Special protective equipment for fire-fighters	: Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

# Section 6. Accidental release measures

Personal precautions, prote	ctive equipment and emergency procedures
For non-emergency	: No action shall be taken involving any personal risk or without suitable training.
personnel	Evacuate surrounding areas. Keep unnecessary and unprotected personnel from

entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.

SDS Number: SDS-000017	Page Number: Page 4 of 13
Effective Date: November 22, 2021	Version number: 2.0

# Section 6. Accidental release measures

For emergency responders : If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".

**Environmental precautions** : Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

## Methods and materials for containment and cleaning up

Small spill	: Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.
Large spill	: Stop leak if without risk. Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Note: see Section 1 for emergency contact information and Section 13 for waste disposal.

# Section 7. Handling and storage

Precautions for safe handling		
Protective measures	Put on appropriate personal protective equipment (see Section 8).	
Advice on general occupational hygiene	Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before ea drinking and smoking. Remove contaminated clothing and protective equipment entering eating areas. See also Section 8 for additional information on hygiene measures.	ating,
Conditions for safe storage, including any incompatibilities	Store in accordance with local regulations. Store in original container protected f direct sunlight in a dry, cool and well-ventilated area, away from incompatible ma (see Section 10) and food and drink. Keep container tightly closed and sealed u ready for use. Containers that have been opened must be carefully resealed and upright to prevent leakage. Do not store in unlabeled containers. Use appropriat containment to avoid environmental contamination. See Section 10 for incompa	iterials ntil d kept te

materials before handling or use.

SDS Number: SDS-000017	Page Number: Page 5 of 13
Effective Date: November 22, 2021	Version number: 2.0

# Section 8. Exposure controls/personal protection

# **Control parameters**

# **Occupational exposure limits**

Ingredient name		Exposure limits	
water Heparin, sodium salt nitrogen		None. None. ACGIH TLV (United States, 1/2021). Oxygen Depletion [Asphyxiant].	
Appropriate engineering controls	: Good general ventilation should be s contaminants.	sufficient to control worker exposure to airborne	
Environmental exposure controls	: Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.		
Individual protection meas	ures .		
Hygiene measures	eating, smoking and using the lavat Appropriate techniques should be u	broughly after handling chemical products, before ory and at the end of the working period. Ised to remove potentially contaminated clothing. reusing. Ensure that eyewash stations and safety n location.	
Eye/face protection	: Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses with side-shields.		
Skin protection			
Hand protection		es complying with an approved standard should be emical products if a risk assessment indicates this is	
Body protection		e body should be selected based on the task being nd should be approved by a specialist before	
Other skin protection		onal skin protection measures should be selected and the risks involved and should be approved by a uct.	
Respiratory protection	appropriate standard or certification	for exposure, select a respirator that meets the b. Respirators must be used according to a sure proper fitting, training, and other important

# Section 10. Stability and reactivity

Reactivity	: No specific test data related to reactivity available for this product or its ingredients.

**Chemical stability** : The product is stable.

# Possibility of hazardous reactions

: Under normal conditions of storage and use, hazardous reactions

will not occur.

Under normal conditions of storage and use, hazardous polymerization will not occur.

Safety Data Sheet

**Conditions to avoid** 

: No specific data.

### Safety Data Sheet

Function:	Effective Date:	Version number:
Regulatory Affairs	November 22, 2021	2.0

# Section 10. Stability and reactivity

# **Incompatible materials** : Reactive or incompatible with the following materials: oxidizing materials and acids.

Hazardous decomposition products

: Under normal conditions of storage and use, hazardous decomposition products should not be produced.

# Section 11. Toxicological information

Information on toxicological	ettects
Acute toxicity	
Not available.	
Irritation/Corrosion	
Not available.	
Sensitization	
Not available.	
Mutagenicity	
Conclusion/Summary	: Not available.
<b>Carcinogenicity</b>	
Conclusion/Summary	: None of the components in this product at concentrations greater than 0.1% are listed by IARC, NTP, OSHA or ACGIH as a carcinogen.
Reproductive toxicity	
Conclusion/Summary	: Not available.
<b>Teratogenicity</b>	
Conclusion/Summary	: Not available.
Specific target organ toxici	<u>ty (single exposure)</u>
Not available.	
Specific target organ toxici	ty (repeated exposure)
Not available.	
Aspiration hazard	
Not available.	
Information on the likely	: Not available.
routes of exposure	
Potential acute health effects	<u> </u>
Eye contact	: No known significant effects or critical hazards.
Inhalation	: No known significant effects or critical hazards.

# Section 12. Ecological information

### **Toxicity**

**Conclusion/Summary** : Not available.

# Persistence and degradability

Not available.

## **Bioaccumulative potential**

Product/ingredient name	LogPow	BCF	Potential
water	-1.38	-	low
nitrogen	0.67	-	low

## **Mobility in soil**

Soil/water partition coefficient (Koc)

: Not available.

Other adverse effects : No known significant effects or critical hazards.

# Section 13. Disposal considerations

Disposal methods	: The generation of waste should be avoided or minimized wherever possible. Disposal
	of this product, solutions and any by-products should at all times comply with the
	requirements of environmental protection and waste disposal legislation and any
	regional local authority requirements. Dispose of surplus and non-recyclable products
	via a licensed waste disposal contractor. Waste should not be disposed of untreated to
	the sewer unless fully compliant with the requirements of all authorities with jurisdiction.
	Waste packaging should be recycled. Incineration or landfill should only be considered
	when recycling is not feasible. This material and its container must be disposed of in a
	safe way. Empty containers or liners may retain some product residues. Avoid
	dispersal of spilled material and runoff and contact with soil, waterways, drains and
	sewers

# Section 14. Transport information

	DOT Classification	IMDG	ΙΑΤΑ
UN number	Not regulated.	Not regulated.	Not regulated.

Hazardous Material Information System (U.S.A.)

Caution: HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks. Although HMIS® ratings and the associated label are not required on SDSs or products leaving a facility under 29 CFR 1910.1200, the preparer may choose to provide them. HMIS® ratings are to be used with a fully implemented HMIS® program. HMIS® is a registered trademark and service mark of the American Coatings Association, Inc.

The customer is responsible for determining the PPE code for this material. For more information on HMIS® Personal Protective Equipment (PPE) codes, consult the HMIS® Implementation Manual.
